A FEW WORDS ABOUT ME

I am a dedicated and passionate programmer with strong drive to excel in the field of software development . My extensive experience and skill set encompass a wide range of technologies and capabilities , paving the way for a promising career in this ever-evolving industry.

ADVANCED CSS AND SASS
Udemy

Instructor Jonas Schemedtmann , International

I hold an 'Advanced CSS and SASS' certification from Udemy, instructed by Jonas Schmedtmann. This qualification signifies my proficiency in advanced CSS techniques, responsive web design, SASS optimization, complex CSS animations, and effective design principles. I'm equipped to create visually appealing,

JAVA FROM SCRATCH
Software Development Academy

Aug 2001 – Martie 2022, Bucharest, Romania

Successfully completed a rigorous 7-month Java programming course, covering fundamentals, object-oriented programming, data structures, GUI development, database integration, and web application development. Proficient in Java and ready to contribute to software development projects.

PHOTOSHOP
expertphotoshop.ro

Jul 2021 – Sept 2021, International

I have successfully completed an advanced Adobe Photoshop course led by accredited instructor Cristian Barin. This comprehensive program equipped me with skills in image retouching, graphic design, and digital image manipulation using Adobe Photoshop. I am proficient in using Photoshop tools to create and edit images, adjust colors, and apply professional effects, making me a valuable asset for any creative or design project.
